NOTIFICATION.

No. 928L.—9th July, 1945.—The following statement of the reasons which have moved the Governor of Bengal to enact the Bengal Finance (No. II) Act, 1945, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

The Bengal Budget for the financial year 1945-46 shows a considerable excess of estimated expenditure over the estimated income and it is necessary that every reasonable expedient be adopted to reduce this excess.

During the years 1939-40 to 1942-43 the totalisator tax was 4 *per centum* of all monies paid into the totalisator and the betting tax was 4 *per centum* of all monies paid by a licensed bookmaker to a backer in consequence of a winning bet In 1943 the tax was raised from 4 *per centum* to 10 *per centum*, but, in spite of this increase, the sums of money paid into the "tote" and paid out by "bookies" continued to increase. In view of this experience, and in the circumstances of to-day, the Provincial Government can reasonably claim a considerably larger share of the money passing through the "tote" and "the books". The Governor has, therefore, enacted the Bengal Finance (No. II) Act, 1945, which increases the rates of the totalisator and betting tax from 10 *per centum* to 15 *per centum*.

By order of the Governor,
G. M. RATCLIFF,
Secy. to the Govt. of Bengal.

Statement.

The Governor has enacted the Bengal Finance (No. II), Act, 1945, raising the rates of the totalisator tax and the betting tax leviable under the Bengal Amusements Tax Act, 1922, as amended by the Bengal Finance Act, 1945, from 10 *per centum* to 15 *per centum*. As a result of this enhancement of the betting tax, the temptation to resort to illegal betting will be greatly increased, causing a probable loss to the revenues of the Province. The Governor has therefore enacted the Bengal Public Gambling (Penalties Enhancement) Act, 1945, enabling Courts to award more appropriate and deterrent penalties in respect of illegal betting upon a horse-race.

By order of the Governor,
G. M. RATCLIFF,
Secy. to the Govt. of Bengal.

[Plāban. Deluge, presents a picture of the struggle of Hindu young girls for saving the sanctity of womanhood and safeguarding the interests of the society and the community against the deluge brought on by modernism which is likely to carry away the youths and the girls of the society to an unknown destination. A story depicts a girl who promised to marry her faithful lover, but being persistently pursued by a frickle-minded man and being, for a momentary slip of her, deluded by his pretensions and temptations married him. Ultimately his untoward manners and behaviour with her gave her a terrible shock resulting in her commission of suicide followed by the sad news of the premature and sudden death of her former lover. Another story depicts how a Brahmmo girl endured all sorts of troubles and mental anxieties because of her newly married husband's departure at the expense of her father, immediately after marriage to England for study where he indulged in lady-loves and determined not to return home again. After three years when she came to know of her parents, conspiracy for giving her in marriage a second time to another person, she left them in the city of Calcutta and retired to the native village of the husband where she began to lead the life of a true Hindu woman. On this the parents sailed for England and brought her husband back home. The girl ignoring all the faults of the husband however serious they might be, accepted him with a bright face. Said to have originally published in the "Banga Sree".] Pages 384. Published by the printer, Sisir Publishing House, 22-1, Cornwallis Street, Calcutta. 1346 sāl or 1939-40 A.D. Japan's capitalism led her to industrialism and her imperialism demanded territorial expansion which is the real cause of her war with China. Her partnership with the Axis powers has offered her a good prospect in the last and owing to the preoccupation of the Allies in other spheres, she obtained quick victories which brought Indo-china, Thailand, Malay, Burma, valuable islands under her possession one after another with comparative ease. Attention is drawn to her weakness and vulnerability inspite of all her valuable gains and supplies of materials, suggestion is also made as to how her aggressive policy may be checked.] Translated by Sudhansu Das Gupta. 701. Āgamaśāstra of Gauḍapāda, The. [Contains in Roman character the text of the Āgamaśāstra of Gauḍapāda (i.e., his Karikas of that name on the Mandukya Upanishad), based on a number of manuscripts. With English translation, annotation and a detailed introduction by the editor. The introduction discusses among other things the date, works, etc. of Gauḍapāda and gives a synopsis of the contents of the Āgamaśāstra and the philosophy of Gauḍapāda who among the vedantists is an Advaitist, the highest truth to him being "non-duality". It is said that the Upanishadic seed of idealism being influenced by its elaborate system in Buddhism and the vast literature on it by the Buddhist teachers who flourished before Gauḍapāda has developed into what is embodied in the Āgamaśāstra. With appendixes including the text and English translation of the Māṇḍukya Upaniṣad, variants of the Mss. used for the edition of the text of the Āgamaśāstra, etc.] Edited, translated and annotated by Vidhusekhara Bhattacharya. CALCUTTA:

The 13th July 1945.

PRELIMINARY FORECAST OF JUTE CROPS OF BENGAL, 1945.

[NOTE.—On an average of the five years ending 1942-43, the areas under Jute in the Provinces of Bengal and the Indian States to which this forecast relates, represent some 69·7 and 1·6 per cent. respectively of the total area under jute in India.]

The preliminary forecast deals with the area and the condition of the crop at the time of publication of the forecast. It is not a forecast of the outturn. With the coming into force of the Bengal Jute Regulation Act, the area shown represents the total acreage for which licences have been issued which will require modification in the ensuing final forecast in September next after the examination of the jute lands under section 14 of the Act has been completed. In order to arrive at a rough estimate of the acreage likely to have been sown the figures relating to the total licensed area checked up to date and the area on which jute has actually been found to have been grown as also the acreage still remaining to be checked have been shown.

Area in 1945.—In Bengal (excluding the States of Cooch Behar and Tripura) licences have been issued for 2,546,925 acres as against 2,563,270 acres licensed and unchecked area shown in the preliminary forecast of 1944 and as against 1,694,355 acres actually found to have been under the crop as returned in the final forecast of 1944. Out of the total licensed area of 2,546,925 acres an area of 438,180 acres has since been checked and 2,108,745 acres still remain to be examined. Out of the checked area jute has actually been found to have been grown on 362,025 acres. Thus the percentage of the area actually found grown to the total area checked to date is 82·6 per cent. and so far something like 17·2 per cent. only of the total licensed area has been checked.

Character of the season.—Sowings generally commenced in normal time though at places, particularly in some West Bengal tracts, it was delayed due to drought. Weather conditions have generally been favourable although occasional drought interfered with the agricultural operations at places and affected the growth of the crop at its early stage.

Present state of the crop.—The present condition of the crop is satisfactory.

Stock.—Stock in the hands of the cultivators is small.

N. M. KHAN,
Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BIHAR.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR, 1945.

[NOTE.—On an average of the five years ending 1942-43, the area under Jute in Bihar to which this forecast relates has represented some 7·6 per cent. of the total area under Jute in India.]

The present forecast deals only with the estimated area sown. It gives also a general survey of prospects but makes no reference to the probable outturn either in percentage figures or in bales.

2. **Acreage.**—I estimate the area sown during the current and four preceding years, in round numbers as follows:—

Year.	Acres.
1941	242,500
1942	232,000
1943	202,300
1944	162,900
1945	161,800

3. **Weather conditions.**—In March light rain fell in parts of all the jute-growing districts of the Province and the fall was below the normal everywhere. The rainfall in April, however, was sufficient and above the normal. In May the rainfall was light to moderate in all the districts.

4. **District returns.**—Last year's area under jute was finally estimated at 162,900 acres. The total area under jute this year is estimated by the District Officers at 161,800 acres. The decrease in area is mainly due to more area being put under food crops and low prices of jute.

5. **Condition and prospects.**—The present condition of the crop is fair so far.

6. **General.**—The quantity of jute, which remains in the Province from the crops of 1944, is reported to be little in the important jute-growing district of Purnea.

The statement below compares the estimated area under jute in this Province this year with the preliminary and final figures of last year:—

Draft Rules.

1. In these rules—

(*a*) "election" means an election held under clause (*i*) of section 6 of the Act,

(*b*) "Magistrate" means the Magistrate of the district or any Magistrate subordinate to the Magistrate of the district to whom he may delegate any of his powers under these rules,

(*c*) "teacher" means a teacher, male or female, of any primary school as defined in clause (*15*) of section 2 of the Act, and

(*d*) "the Act" means the Bengal (Rural) Primary Education Act, 1930.

2. All disputes arising under these rules shall be decided by the Magistrate and his decision shall be final.

3. An election under these rules shall be held by such date as may be fixed in this behalf by the Provincial Government under section 7 of the Act.

4. All existing permanent teachers of primary schools—managed or recognised by the Board—including teachers of primary sections attached to higher institutions who have completed continuous service of at least three years are eligible to vote for election of a teacher of primary school.

5. All teachers of primary schools having qualifications referred to in rule 4 shall be entitled to have their names included in the register of voters for an election. A register of such voters shall be prepared by the Magistrate at least five months before the date fixed under seticon 7 of the Act for election. The register shall contain the following particulars:—

(*a*) Names of the teachers.

(*b*) The names of the schools to which they belong.

(*c*) Postal addresses of the schools.

(*d*) Postal addresses of the teachers included in the list.

6. The register shall then be published in the district, subdivision, thana offices and at the office of every Union Board, Union Committee or President *Panchayet* and at every primary school. Any teacher whose name does not appear in the register and who claims the right of voting or any teacher who considers that any name in the register ought to be removed, may, within three weeks of the publication of the register apply in writing to the Magistrate stating the grounds of his application for the insertion of his name in, or the removal of such name from, the register, as the case may be, and the Magistrate shall decide such application on a date to be previously intimated to the teachers concerned and his decision shall be final and he shall cause the register to be amended in accordance therewith. The register of voters so amended shall be deemed to be the final register of voters for the election and no teacher whose name is not for the time being included in such register shall be entitled to vote at the election. The final register of voters shall be published at least twelve weeks before the date fixed under section 7 of the Act for the election

7. Any teacher whose name is included in the final register of voters shall be qualified to stand as a candidate for the election.

8. The Magistrate shall, as soon as the final register of voters is published, issue notices calling for nomination of candidates. Such notices shall be published in the district, subdivision, and thana offices and at the office of every Union Board, Union Committee or President *Panchayet* and at every primary school. Within four weeks from the date of publication of the notices every teacher who is a candidate for election shall send his name to the Magistrate together with the necessary particulars filled up in the nomination form given in Appendix A to these rules. His nomination must be supported by three voters whose names appear on the dates on which they sign the forms in the register of voters prepared for the district. No names of candidates shall be received after the expiration of the said four weeks and no nomination shall be held to be valid unless the nomination form is properly filled in.

9. Every candidate shall submit with his nomination form a chalan showing that he has deposited a sum of Rs. 10 in a Government treasury in

favour of the Board. No nomination form which is not accompanied by such a chalan shall be taken into consideration by the Magistrate.

10. The Magistrate, after scrutiny of the nominations, shall announce the names of the eligible candidates and a list of such candidates shall be published at least six weeks before the date by which the election is to be held in the district, subdivision and thana offices and at the office of every Union Board, Union Committee or President *Panchayet* and at every primary school. No candidate whose name does not appear in such list shall be considered eligible for election.

If the number of candidates mentioned in the list published under this rule is not greater than one, the Magistrate shall declare the candidate to be duly elected

11. A candidate who is not elected and has failed to receive ten *per cent.* of the total number of votes recorded in the district shall forfeit the deposit made by him under rule 9:

Provided that in case a candidate is declared ineligible he shall get refund of his deposit money.

12. If the number of such candidates is greater than one, election shall be held by the date referred to in rule 3.

13. (*1*) The Magistrate shall immediately fix for such election—

(*a*) a date at least three weeks before the date fixed for election on or before which the Magistrate shall send to the Head Teacher or the Headmaster of each school, as the case may be—

(*i*) the relevant extracts from the final list of voters,

(*ii*) voting papers as indicated in Appendix B to these rules each containing the name of the voter and his number on the register of voters and the names of candidates,

(*iii*) as many small envelopes as there are voting papers each bearing the counterfoil number of the voting paper in respect of which such envelope is sent, and

(*iv*) a large envelope duly stamped and addressed to the Magistrate,

(*b*) a further date before 5 p.m. of which the covers containing ballot papers with the votes recorded on such papers sent by the Headmaster or Head Teacher of each school under rule 15 shall reach the Magistrate.

(*2*) The Magistrate shall also appoint a date, time and place for the counting of votes and shall give notice thereof in writing to the candidates so that the candidates or their authorised agents may attend the proceeding.

(*3*) The date so fixed shall be published as widely as possible throughout the district.

14. The Headmaster or Head Teacher, as the case may be, on receipt of the documents mentioned in rule 13, shall give the voting papers, and the corresponding small envelopes to the teacher voters of his school. A voter, on receipt of his voting paper, if he desires to vote in the election, shall record his vote thereon, sign the declaration on its back and obtain the attestation of his signature and declaration but not of his vote, by the Headmaster or Head Teacher as the case may be. The voter shall then place the voting paper in the small envelope, close the envelope and make it over to the Headmaster or the Head Teacher as the case may be. All the closed small envelopes thus tendered shall be placed inside the large stamped envelope by the Headmaster or Head Teacher and sent by him to the Magistrate within the date and time fixed by the latter in accordance with rule 13. Any cover which is not received by the Magistrate within the specified date and time shall be rejected.

15. The Magistrate shall, on the day and at the time and place appointed under rule 13 scrutinise all the ballot papers sent by post under rule 14 and shall separate the ballot papers which he deems valid from those which he rejects endorsing on the latter the word "rejected" and the ground of rejection. He shall then count the votes given to each candidate and shall record a note in his own hand stating which of the candidates has received the largest number of valid votes and declare such candidate to be duly elected.

If the Magistrate for some unavoidable cause fails to proceed with the scrutiny on the appointed date, he shall adjourn the proceeding to another date and the candidates or their agents shall be informed of such date.

16. In the case of an equal number of votes being recorded in favour of two or more candidates, selection shall be made from such candidates by lot in such manner as the Magistrate shall deem fit and thereupon the candidate thus selected shall be declared to be duly elected.

17. The name of the elected candidate shall be forwarded by the District Magistrate to the Provincial Government for publication in the *Official Gazette*.

18. No election shall be invalidated on account of any irregularity whatever unless it appears that the irregularity was such as materially to affect the results of the election.

19. All costs incurred for the preparation of the register of voters, the publication of notices, sending and returning of voting papers or other connected papers or taking any other necessary action under these rules shall be payable from the District Primary Education Fund.

20. In the case of a casual vacancy occurring under section 12 of the Act on account of removal, resignation or death of the elected member the vacancy shall be filled by election in the manner provided in these rules, but no register of voters shall be prepared or published under rule 5 or under rule 6 and the register of voters used at the election of the member whose place is proposed to be filled by the bye-election shall be treated as the register for such bye-election and the Magistrate shall, as soon as may be after the date referred to in section 7 of the Act, has been fixed by the Provincial Government, issue the notices referred to in rule 8.

By order of the Governor,

RESOLUTION—No. 2010M.

Calcutta, the 13th August 1945.

The affairs of the Sonamukhi Municipality in the district of Bankura have been engaging the attention of Government for sometime past. In the course of his inspection of the Municipality, held on the 24th June 1944, the District Magistrate, Bankura, noticed that there was no improvement in collection since his last inspection which was made about a year previously and, in fact, the outstanding arrears had increased. No sufficient attempt was made by the Municipal Commissioners to collect the rates both current and arrear; and, inspite of huge outstandings, distress warrants were issued in only 57 cases in 1943-44, and in only 3 more cases up to the date of inspection in 1944-45. The total amount covered by those warrants was Rs. 240-9-3 against the arrears of Rs. 7,001-8-3 on the 1st April 1944. The total outstanding liability of the Municipality which was Rs. 1,822-12-6 in July 1943 increased to Rs. 3,346-9 on the 31st March 1944. The Municipal grants to the primary schools and to the charitable dispensary were heavily in arrears, and even the employees' contribution to the Provident Fund was appropriated and diverted to the general fund. The Municipal Fund was hardly sufficient to maintain its own establishment.

2. In consideration of the position stated above the Commissioners of the Sonamukhi Municipality were asked by the Commissioner, Burdwan Division, to explain why the municipality should not be superseded.

3. From subsequent report received from the local officers, it appeared that the warning of the Divisional Commissioner had little effect. The financial condition of the Municipality, far from improving, showed even further deterioration. The remissions in the past 4 years were at the rate of 11 per cent., 9 per cent., 48 per cent. and 21 per cent. and, even after such remission, the arrears were almost equal to the current demand. In those years the percentages of total collection on current demand were 58 per cent., 56 per cent., 72 per cent. and 60 per cent. The outstanding liability of the Municipality was still very heavy, and there was no improvement regarding grants to the charitable dispensary and to the primary schools.

4. In the circumstances stated above Government was disposed to agree that the Commissioners of the Sonamukhi Municipality should be superseded under section 553 of the Bengal Municipal Act, but before issuing a final order to that effect, the Commissioners of the Municipality were called upon in Government memorandum No. 401M., dated the 13th February 1945, to show cause within a period of 3 months from the date of receipt of that order why action under section 553 should not be taken.

5. The Municipal Commissioners considered the matter at their meeting held on 22nd May 1945 and have submitted a report to the effect that though the year 1944-45 was one of distress and hardship, every possible attempt was made to improve collection and, as a result, the percentage of *total* collection on *current* demand was 82:9 per cent. against 60 per cent. of the preceding year. No fresh liability was incurred, but due to high prices and payment of dearness allowances to the employees, etc., payments towards old liabilities could not be made promptly and adequately. The entire amount on account of the

Provident Fund of the employees *for the year 1944-45* was deposited. The Municipal Commissioners have asked for a year's time to effect an improvement.

6. The District Magistrate, Bankura, inspected the Municipality again on 19th May 1945 and found as follows:—

(1) Out of the total demand of Rs. 14,597 (Rs. 7,595 current demand plus Rs. 7,002 arrear) for 1944-45, a sum of Rs. 6,300 only was collected during the year leaving an outstanding balance of Rs. 8,297. The realisation on the current demand was Rs. 3,796 and that on arrear demand Rs. 2,504. The arrear outstanding thus still exceeds the demand of the current year.

(2) The grant for primary schools is in arrear by Rs. 902 and that for the dispensary by Rs. 380. The Medical Officer has not been paid for several months and, as a result, he has resigned. The municipality owes Rs. 925. Towards Provident Fund of the employees, the municipality has still a liability of Rs. 1,777. Apart from these, there was an unpaid liability of Rs. 2,389 on 1st April 1945. Against all these liabilities, the treasury balance on 31st March 1945 was Rs. 426 only.

7. In view of the facts stated above and after careful consideration of the whole matter, Government has come to the conclusion that the Commissioners of the Sonamukhi Municipality have proved incompetent to perform, and have persistently made default in the performance of, duties imposed on them by and under the Bengal Municipal Act, 1932. In exercise of the power conferred by section 553 of the said Act, Government is accordingly pleased to declare the Commissioners of the Sonamukhi Municipality to be incompetent and in default, and to supersede the said Commissioners for a period of two years with effect from the date of publication of this resolution in the *Calcutta Gazette*.

8. *Ordered* that this resolution be published in the *Calcutta Gazette*.

By order of the Governor,
J. L. LLEWELLYN, Secy.

RESOLUTION—No. 2339P.H.

Calcutta the 13th August 1945.

The nutrition surveys carried out by the Nutrition Section of the office of the Director of Public Health, Bengal, reveal that the institution of effective measures to improve the nutrition state of the population of the Province is of prime importance. The problem of malnutrition is, however, one which cannot be tackled by any one department of Government alone as the measures which require to be adopted concern several departments. Government is advised that as a short term policy the main measures which would be likely to give quick results are as follows:—

(*1*) provision of fresh milk or processed milk as a special article of diet especially of infants, school children, expectant and nursing mothers. This involves the question of availability within the Province, the control of available supplies and their diversion to the above sections of the population, the increase of provincial resources (*e.g.*, prohibition of manufacture of chhana, ice-cream, etc.), the procurement of concentrated milk from other countries and their distribution, etc.,

(*2*) provision and distribution of milk vitamin tablets as a measure suitable to deal quickly with the vitamin deficiency aspect of malnutrition, and

(*3*) development of village communal and family vegetable gardening to provide a more balanced diet.

Government is therefore pleased to appoint a committee consisting of the following officials to formulate plans in connection with the above measures, to take action on the long term recommendations of the Nutrition Sub-Committee of the Sanitary Board, Bengal, and to examine various further proposals which may be submitted from time to time by the Nutrition Section of the Public Health Department and the Nutrition Sub-committee of the Sanitary Board, Bengal:—

(1) Deputy Secretary to the Government of Bengal, Revenue Department.
(2) Surgeon-General with the Government of Bengal.
(3) Director of Public Health, Bengal.
(4) Director of Rationing.
(5) Director of Agriculture, Bengal.
(6) Nutrition Officer, Bengal.

2. The members will elect their own President and the Nutrition Officer, Bengal, will act as Secretary and convenor.

3. The Committee will be at liberty to invite any suitable non-official at any time to give his or her opinion on any specific points.

4. The Committee should submit their report and recommendation to Government in due course.

By order of the Governor,
J. L. LLEWELLYN, Secy.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 1156L.—27th August, 1945.—The following statement of the reasons which have moved the Governor of Bengal to enact the Bengal Destitute Persons (Repatriation and Relief) Act, 1945, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

The object of the Bengal Destitute Persons (Repatriation and Relief) Act, 1945 is the same as the object of the Bengal Destitute Persons (Repatriation and Relief) Bill, 1944 which, having been introduced in the Bengal Legislative Council, was passed by both Chambers of the Provincial Legislature. The Bill could not however receive the assent of the Governor owing to the intervention of the Proclamation, issued by the Governor under section 93 of the Government of India Act, 1935. The reasons which necessitated the introduction of the said Bill in the Bengal Legislative Council were explained in the Statement of Objects and Reasons accompanying the Bill as so introduced. The issue of the Proclamation has not affected those reasons.

The operative provisions of the Bengal Destitute Persons (Repatriation and Relief) Act, 1945 are almost identical in form and substance with the parallel provisions of the Bengal Destitute Persons (Repatriation and Relief) Bill, 1944 as passed by the Provincial Legislature.

By order of the Governor,

G. M. RATCLIFF,

Secy. to the Govt. of Bengal.
